

PRESS RELEASE

**Andrea Guerrini appointed member  
of the OECD Network of Economic Regulators**

Milan, 12 January 2022 - Andrea Guerrini, member of the ARERA Board and president of WAREG (European Water Regulators Network), has been appointed member of the Bureau of the Network of Economic Regulators - NER of the OECD, the world organization for economic cooperation and development. With its appointment to the "NER Bureau", ARERA will play a central role in providing more detailed guidance to the OECD Secretariat on management and planning issues of the Network's Work Programme, in which representatives of 37 countries currently participate.

The main objective of the OECD Network of Economic Regulators is to ensure that citizens and businesses have access to basic services, creating prosperous and safe places to live and work, in a context of limited public resources and greater complexity than in the past.
